This class is an NRA advanced pistol course and is taught by an NRA certified instructor. The course consists of classroom and hands-on instruction.

Participants are required to have completed the Basic Pistol course in order to take this advanced course and should be proficient in the use of a handgun. All participants are required to be U.S. citizens and lawfully permitted to own or possess a firearm.

Participants are required to bring a handgun, holster, two magazines for semi-auto, speed loader for revolver, 200 rounds of ammunition, eye protection and ear protection.

Participants will be shooting from various positions, so proper attire is necessary.

Class size is limited.
